

Preschool Inclusion: Samantha

Acknowledgements

We would like to acknowledge the following individuals and programs for their exceptional contributions to the development of this video. Samantha was produced by Joan E. Porter and Gary Christian Film and Video, in collaboration with SpecialQuest Birth–Five: Head Start/Hilton Foundation Training Program in 2009. Samantha's family, friends, and service providers participated in the videotaping and interviews. The staff at the Fairfax County Office for Children Head Start at Gum Springs Center and Fairfax County Public Schools, offered us the help and hospitality that made the project possible. We extend our sincere appreciation to each of them, as well as to their colleagues behind the scenes.
